Re: Casino Mining Corporation – Casino Mine Project Environmental and Socio-economic Effects Statement Schedule Update

Dear Ms.Randall,

I'd like to update you on our previously submitted schedule for submission of the Casino Mine Project Environmental and Socio-economic Statement.

We are now targeting to have the ESE Statement completed for submission to yourself and the Executive Committee by December 31, 2019.

As always, I look forward to working with you and the Executive Committee, and in moving through the Panel Review process in a fair and transparent manner. We will be sure to inform you if the date of submission changes.

Sincerely,
[Signature Redacted]

Paul West-Sells
President and CEO
